

## SAMKIT INFOSYSTEMS DATASHEET

# Conversion Workbench

## Automated data migration to Oracle SaaS

The Conversion Workbench migrates data from legacy systems such as Oracle EBS, PeopleSoft, JDE, SAP, and others into Oracle SaaS in a fully automated fashion, dramatically reducing migration time and risk.

- Supports Oracle EBS, PeopleSoft, JDE, SAP, and more
- Fully automated data migration workflows
- Built-in data validation and error handling
- Progress tracking and migration reporting
- Significantly reduces manual migration effort
